School year 2024/2025

SEA-Service d'éducation et d'accueil Leudelange

Dear parents, dear children,

It is with great pleasure that we present to you the internal rules and regulations of the *Service d'éducation et d'accueil* Leudelange for the school year 2024-2025.

Together with the Luxembourg Red Cross, the municipal administration of Leudelange offers complementary education and care services at the *SEA* from 07.00 to 19.00 o'clock in order to help families to better coordinate their work and family life.

This offer is available to all children enrolled at the elementary school or living in the municipality of Leudelange, subject to the admission priorities in place. Please note that the maximum number of children per accreditation is defined by the Ministry of Education, Children and Youth and must be strictly respected.

The municipal administration has entrusted the Luxembourg Red Cross with the direction and management of the *SEA* by means of a partnership agreement.

Operating principles

A. Admission priorities

All children enrolled in elementary school living in the municipality of Leudelange may benefit from the services offered by the Service d'éducation et d'accueil (SEA), in accordance with the admission criteria.

If the number of applications is superior to the maximum capacity of children defined in the ministerial accreditation, priority will be given to:

- Families where both parents work full time or are registered with the Luxembourgish employment agency ADEM
- Single parents
- Disadvantaged parents (e.g. social needs)

There is no hierarchy of priorities.

In the event that the total number of applications is higher than the number of spots available and that several applications meet the same of the above-mentioned criteria, the date on the enrolment form or the enrolment renewal letter will be decisive.

If the maximum capacity of the SEA has been reached during the school year and there is an urgent and high-priority request, the SEA reserves the right to cancel the admission of children whose parents do not meet the priority criteria mentioned above. In this case, the SEA management, in consultation with the parents, will propose alternative time slots.

The signed enrolment form is only valid when accompanied by the supporting documents listed on the last page of the form or when existing information is confirmed by signing the enrolment renewal letter.

1. Enrolment for the school period

1.1. Annual regular attendance sheet (Annex 1)

Your child is enrolled at the SEA throughout the school year on the days and time slots indicated on the sheet *“Attendance sheet for the school year 2024/2025”*

1.2. Modification sheet (annex 2)

For organisational reasons, any modification or cancellation of enrolment during the school year must be notified in advance to the SEA by letter or by email until the Friday (9 am. at the latest) preceding the week in which the modification or cancellation is to take effect. After this point, we will no longer be able to take the changes into account for the invoicing.

The modification request will be considered subject to availability of spots.

- You will always receive a confirmation or a refusal of your modification request (in writing or phone).

In the event of repeated non-compliance with the initially requested attendance slots, the management reserves the right to adapt the enrolment of the child to its actual attendance at the SEA. Likewise, in order not to block time slots unnecessarily, we reserve the right to adapt the hours of attendance if we notice that you repeatedly cancel the same slots granted to you at the beginning of the school year.

If the modification procedure is not followed, the enrolment slots will be fully invoiced, even if your child has not or attended to SEA (even if the absence was only partial).

1.3. Enrolment for the school holidays

During the school holidays and on Saint Nicholas Day, the SEA remains open except for the closing weeks of the school year 2024/25 (check page 4). Due to the different organisation during the holidays, a separate enrolment is necessary. The enrolment forms for the school holidays will be available at the SEA from the 16th of September 2024 (Except summer holidays 2025)

To enrol your child, you must submit the duly completed enrolment form before the enrolment deadline. The deadline are indicated with every holiday. Enrolment requests submitted after the deadlines may not be sure. Only for urgent and duly motivated reasons and only if the facilities allow us to do so, can we accept enrolments after the enrolment deadline.

You will always receive a confirmation or refusal of your request by mail.

For organisational reasons, any modification or cancellation requests for school holiday slots must be notified to the SEA by letter or by email no longer than Friday 9.00 am before the holiday-week. After this point, we will no longer be able to take the changes into account for the invoicing.

For the school holiday activities information's will be communicated no longer than one week before the activity. The programme of activities for the school holidays will be made available to you on the same day.

D. Daily schedule

D.1. Education and care

Our education and childcare facilities are places of non-formal learning. In a stimulating environment, we create educational processes that allow the self-determined child to actively participate in everyday life. In our facilities, we combine education and care.

The SEA:

- provides an environment conducive to the social, cognitive and motor development of the child.
- offers open education work, adapted to the age of the children, in rooms/spaces with specific functions (e.g. construction, movement, role play, creativity, etc.) allowing the children to make their own experiences in accordance with their interests and needs.
- encourages children to participate actively and democratically in the daily life of the SEA.
- observes and documents the child's progress and development.

D.2. Morning & evening reception

- ➔ The morning reception of all the children will take place at the Faarwekescht (2, rue du Lavoir) from 7 am.
- ➔ The evening reception of all the children will take place at the Faarwekescht (2, rue du Lavoir) from 6 pm.

D.3. Food service

The food service operates every day (Monday to Friday from 12 to 2 p.m.) and remains open during school holidays, with the exception of the three weeks of closure.

The meals are prepared on site by a professional cook, who ensures that the children are offered a healthy and balanced diet. The meals on offer have been composed by a dietician and chosen according to the recommendations of the Ministry of Health (frequency, quantities). The menu plan can be viewed on the website www.leudelange.lu.

Children of all cycles get their food according to a "self-service" system. This model allows them to organise their lunch break independently by choosing from a variety of activities. They take the food themselves and have their lunch when they feel like it. The educational team of the SEA ensures that each child has a balanced lunch; it offers activities and supervises the children.

Any food allergies, intolerances (allergy to strawberries, nuts, etc.) or incompatibilities (e.g. diabetes) your child may have must be notified to us and certified by your doctor and be submitted when enrolling your child.

Unfortunately, we cannot provide dietetic meals or meals meeting certain medical indications. However, we will try, as far as possible and in collaboration with the parents and the dietician, to find an appropriate solution.

Please tell us about your child's eating habits. This information can be provided by the legal representatives on a voluntary basis. ("enrolment form page 2.)

A snack is served at 4 p.m. for children attending the SEA. During school holidays, a breakfast meal is served from 8 a.m. to 9 a.m.

D.4. Homework "Hausaufgabenhelfer"

In accordance with the Grand-Ducal regulation of 16th March 2012 on the implementation of article 16 of the law of 6th February 2009 on the organisation of the elementary schools, relating to extra-curricular activities, the SEA offers supervised homework on:

- Mondays, Wednesdays, and Fridays (optional): between 16.00 to 17.00 o'clock
- Tuesdays and Thursdays: between 14.00 to 15.00 o'clock

On Tuesday and Thursday afternoons, the homework room remains available until 5.30 p.m. for those who wish to study longer.

Supervised homework is defined as follows by the above-mentioned Grand-Ducal regulation: *"les études surveillées consistant à offrir aux enfants un cadre favorable à l'exécution des devoirs à domicile de façon autonome, dans des conditions de calme avec une surveillance et un soutien minimal"* We give the kids the opportunity to do their homeworks in a calm and supervised environment. We do give them advises, but we don't correct their homeworks.

At the SEA, both educational staff and children can tick off homework. The parents then confirm this action. There is no supervised homework during the school holidays.

E Bichelchen

" To facilitate communication between teachers, educators and you, the parents, the Ministry has introduced a digital class diary, the e-bichelchen. The teacher enters the homework in it. Educators, parental assistants and parents also have access to it. This allows them to supervise the child, who checks off the tasks completed. "

- Which children have access to the e-Bichelchen?

In the context of homework support, access to the e-bichelchen is open to pupils from pre-school to cycle 4 in public basic schools.

- Who generates the e-bichelchen access codes?

The teachers themselves generate the access codes for parents, educational staff and parental assistants. If the access code is lost, the teachers can generate a new one.

- How can educational staff and parental assistants access the e-bichelchen of the children they are looking after?

For each child, the educational staff of the education and care facilities and the parental assistants receive a specific access code, which allows them to access the digital class diary of the child in question. The teacher prints it out and gives it to the education and care facility or the parental assistant after your agreement

Important information

A. Discipline

Repeated disobedience of a child or disruptive behaviour within the group will result in a meeting between the parents and the educational staff and may lead to the temporary or even permanent exclusion of the child from the Service d'éducation et d'accueil (SEA).

Children attending the SEA are strictly forbidden to leave the premises. Parents will be notified by telephone if an enrolled child is absent. We have the authorization to get a child with our private car in case of absence.

Children are not allowed to bring sweets or personal toys, with the exception of teddy bears, soft toys or favourite objects, which they are attached. (Exaptation for précoce & Cycle 1)

For organisational reasons, children must gather immediately after school has ended for :

- Children in cycle 1 are met by SEA staff in the hallway in front of their classrooms. (Faarwekescht)
- Children in cycles 2 to 4 are met by SEA staff in their respective buildings.

B. Civil liability insurance

The SEA accepts no responsibility for the loss or damage of toys, clothes, money, mobile phones, music players/MP3s or jewellery brought in by the child. Wearing a **smartwatch** is prohibited at the SEA

Children are covered by civil liability insurance for any damage caused to a third party during all actual supervision hours while under the responsibility of the SEA.

As soon as the parents or the person designated by them are present at the SEA, they are responsible for the child(ren).

C. Delays

If the parents are running late with regard to the time the child is enrolled for, it is very important that they notify the SEA staff. Repeated lateness will result in a systematic extension of attendance hours.

Attendance exceeding the hours that the child has been enrolled for will be invoiced.

(Précoce / school holidays)

D. Illness

D.1. General terms

If a child is ill, they cannot attend the SEA.

If a child gets ill at the SEA, the parents concerned will be asked to pick up their child as soon as possible, or to delegate the task to a person whom they have authorised beforehand to do so by means of a parental authorisation for third parties (annex 3).

Children with a contagious disease are not admitted to the SEA for the duration of the contagion. If your child has head lice, please inform the educational staff and the person in charge, so that appropriate hygiene measures can be taken immediately.

- In case of a fever (38.5°C or more), children can only return to the SEA after the temperature has dropped naturally – i.e. without having taken any fever medication.
- If a child is ill, the parents have to find a solution for the care of their child (e.g. the "KRANK KANNER DOHEEM" service, Tel: 48 07 79).
- In the event of a medical emergency or accident, the staff reserves the right to contact the hospital on duty or to call the emergency services.
- If your child is ill, it is imperative that you notify us by phone or email on the day of your child's absence.

Sick leave exceeding 2 days requires a medical certificate that must be submitted within 5 working days. If this procedure is followed, the initially scheduled hours of attendance will not be invoiced. For information, the presence of ticks will require the personal intervention of parents, or even a doctor.

D.2. Delegation of an act of assistance

Medicines are only administered with:

- the written consent of the parents (Annex 5) **and** a valid medical prescription.

We therefore ask parents to provide us with a medical prescription stating the exact dosage to be administered to the child as well as the duration of the treatment and to write the child's name on the medicine.

This applies to all medicines, including homeopathic ones and those available over the counter.

D.3. Daily care

As part of the daily care and in the event of a fall and/or injury, the educational staff may use the following products:

- Hibidil spray for disinfection
- Arni Stick/cream for bruises
- Systral for insect bites and sunburn
- sunscreen to protect the skin from the sun
- soothing protective and repair cream (red skin) without medication (Penaten, Mitosyl cream, etc.)
- Flavigel anti-burn cream

Please note that the presence of ticks will require the personal intervention of parents or even a doctor

D.4. Allergies/Intolerances/medical history

We kindly ask you to inform us of any allergies, intolerances and/or food incompatibilities or other conditions (egg allergy, nut allergy, diabetes, etc.), so that, together, we can find a solution meeting your child's needs.

Allergies/intolerances/allergen avoidance

- **without risk for an anaphylactic shock** must be certified by your doctor.

Severe food allergies/intolerances,

- as well as food **incompatibilities that could lead to an anaphylactic shock** (needing a "fastjekt/epipen" emergency kit) must be reported and certified by your doctor, who

must fill in a **PAI** (individualised care project). The PAI has to be accompanied by an **Emergency Action Plan** to be followed in the event of an attack or fit.

For children with specific health needs (diabetes, epilepsy, asthma, heart disease, etc.),

- it is also crucial that the **PAI** (individualised care project), accompanied by an **Emergency Action Plan**, be completed by your doctor and submitted when enrolling at our SEA.

An update or termination of the PAI must be submitted to the SEA without delay.

E. Taking and publishing of pictures (Annex 10)

We ask you to complete the form "*Authorisation for taking and/or publishing pictures (photographs or videos)*" to give your consent to the taking and publication of pictures.

F. Authorisation for activities outside the SEA

Parents hereby agree that their child may participate in all activities and leave the premises under supervision on foot, by private car, bus or public transport. In the event of an excursion abroad, the parents agree to provide a "parental authorisation" established by the municipal administration.

G. Declaration of changes in personal data

Any change in personal data, such as the address after moving house, the telephone number, the professional situation (working hours per week), the child's state of health, the bank account, etc. must be notified in writing to the person in charge of the SEA.

The SEA will proceed to change your data within a month.

H. Termination of the enrolment (Annex 7)

The termination of the enrolment at the SEA must be notified in writing to the secretariat one month before it takes effect (e.g.: in case of moving to another municipality).

Rates

A. Financial contribution of parents to SEA operating costs

The parents' contribution is calculated according to the financial and family situation of the parents and on the basis of the official tariff proposed by the Ministry of National Education, Children and Youth.

The terms and conditions for free childcare can be consulted on the website of the Ministry of Education, Children and Youth.

It is essential that the child is in possession of a valid service voucher card in order to benefit from the partial or total financial participation of the State. Membership of the service voucher scheme can be obtained from your local authority. (commune de Leudelange)

Upon written request from the parents, a certificate to be attached to the tax return will be given to them by the SEA manager.

For more information on free schooling, please refer to the following website:
<https://men.public.lu/fr/enfance/02-gratuite.html>

B. Invoicing

The slots your child is registered for will always be charged in full, as well as any attendance hours exceeding these slots.

If the child is enrolled in a club (music, LASEP, etc.), their time away from the SEA will not be charged. The SEA reserves the right to temporarily or permanently exclude a child in the event of repeated non-payment of invoices with one month's notice.

C. Direct debit order (annex 6).

To facilitate the payment of your invoices, all monthly payments are made by means of a SEPA direct debit order. Please fill it in legibly, sign it and attach it to the enrolment form.

The *Croix-Rouge luxembourgeoise* informs your bank of the amount due for payment on the last working day of the month. Your bank will then carry out the payment from your bank account, no intervention on your part is required.

You are entitled to a refund by your bank under the terms of your contract with them. Any request for a refund must be submitted within 8 weeks of the date on which your account was debited. Just send your creditor ID to your bank. This ID consists of your customer number and the letters DOM on the invoice.

The direct debit order is to be completed and signed only once; it remains valid until revoked.

If you have already signed a direct debit order, you do not need to renew it, unless your bank details have changed.

D. Re-Invoicing

If an invoice is incorrect due to an error on our part (e.g. incorrect number of hours of supervision), please contact the office of the SEA.. The time limit for contesting an invoice is six months.

Re-invoicing requests for invoices from the previous year must be submitted no later than 15th March of the current year. After this date, we will only accept re-invoicing requests for current year invoices.

→ **The chèque-service contract is valid for one year. Parents are therefore required to renew it** on time.

If an invoice is incorrect due to the expiry of the chèque service contract, please contact the manager of the SEA. A re-invoicing request may only be made with regard to the last two consecutive invoices.

The invoices concerned must be accompanied by a letter.
